DETAILED ACTION

Allowable Subject Matter

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - Regarding claims 1, 5 and 9, Seegers et al (US Patent number 6,439,722 B1) and the prior art of record neither shows nor suggests a color adjusting method comprising the steps of:
projecting an image on a second area of the projecting surface; and
correcting colors of the image in said second area.
 - Regarding claims 13, 15 and 17, Seegers et al (US Patent number 6,439,722 B1) and the prior art neither shows nor suggests a projector comprising: an image dividing section that forms a first area and a second area in an image to be projected, and a video output section that projects an image for the second area on the projecting surface.

Each of said recited elements in combination as claimed cannot be made inherent or obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
